SUMMARY

Web Development B.Sc. student at SRH Berlin with experience in IT systems, digital workflows, and structured process coordination. Skilled in frontend development, technical problem-solving, and collaborative project work through startup, academic, and administrative environments. Proactive and adaptable team player with strong interest in IT operations, digital transformation, and technology-driven process improvement.

EXPERIENCE

INTERN WEB DESIGN & VIDEO INTEGRATION - INTERNSHIP

ZenOperator. Berlin, Berlin, Germany | Feb 2026 - Feb 2026

- Contributed to the development of production-ready web interfaces in a fast-paced startup environment.
- Worked with style guides and design systems to ensure consistency across pages
- Gained hands-on experience in delivering production web projects under tight timelines

ACADEMIC ADMINISTRATION ASSISTANT (SCHOLARSHIP PROGRAMS)

SRH Berlin University of Applied Science. Berlin, Berlin, Germany | Jul 2025 - Present

- Supported evaluation workflows by ensuring structured data handling and compliance with institutional systems
- Coordinated application processes, improving efficiency in documentation review and tracking
- Worked with structured datasets and process flows, strengthening analytical and organizational skills in system-based environments

AMBASSADOR HEAD OF SOCIETIES

SRH Berlin. Berlin, Berlin, Germany | Nov 2025 - Present

- Coordinated student clubs and societies within SRH Berlin, supporting communication and collaboration across multiple student initiatives.
- Helped develop structured organizational frameworks and operational processes related to club management, funding, and university coordination.
- Supported club leadership teams through event coordination, administrative guidance, and ongoing organizational support.

EDUCATION

WEB DEVELOPMENT B.SC

SRH Hochschule Berlin. Berlin, Berlin, Germany | Oct 2023 - Present

NATURAL SCIENCE AND MATHEMATICS STREAM

Gymnasium. Novi Pazar, Novi Pazar, Serbia | Sep 2019 - Jun 2023

PROJECTS

Virtual React Machine

GitHub: [github.com/MithatMisirlic/virtual_react_machine](#)

- Built a React-based application focusing on component logic and state management
- Practiced frontend architecture and interactive UI behavior

Database Project VDE-AR-N 4105 (Form E.1)

GitHub: [github.com/MithatMisirlic/DB_Project_E1_VDE](#)

- Designed and implemented a relational database model based on a real-world technical standard
- Gained hands-on experience with backend logic, data modeling, and SQL workflows

Creative Coding Centipede Game

GitHub: [github.com/MithatMisirlic/Creative_Coding_Centipede](#)

- Developed an interactive creative coding project using JavaScript
- Combined logic, visuals, and user interaction
